keep
MOSQUITOES
away from your sleeping
environment

DESLEEMATTEX

**PEACEFUL
SLEEPING
ENVIRONMENT**

Eucalyss is a revolutionary technology that provides an effective solution to keep mosquitoes away from your sleeping environment.

Fabrics treated with Eucalyss receive anti-mosquito microcapsules that contain a natural fragrance, which repels mosquitoes.

Eucalyss technology is encapsulated in the textile and ensures a controlled release of the natural fragrance, providing long-lasting protection against mosquitoes.

BENEFITS

- Long term mosquito protection
- Reduces the risk of mosquito bites
- Natural Fragrance
